

## Cavalier King Charles Spaniels

Thank you firstly to the show committee for offering me my first judging appointment, and also for their wonderful hospitality. I had a lovely day at such a friendly and well organised show. My thanks, then, to my two stewards who guided me through seamlessly. Finally, thank you also to the exhibitors who entered and accepted my decisions sportingly. Unfortunately there was a high absentee rate but given the extremely hot weather, I completely understood the reason.

### Puppy (7, 4a)

1st De Walton's Underknoll Love Story: Blenheim bitch of 11 months. Such a pretty head and perfect deep, dark eyes. Well broken markings and in good coat for her age. Well angulated and held her topline both standing and on the move. Correct scissor bite. Moved well, although lacked a little animation today. BPIB

2nd Rhodes' Calonlan Margarita : Tri colour bitch, 10 months old. Nicely broken markings, plenty of coat and a nice head with correct dentition. Good angulation and moved well. Level topline. Preferred the head and overall balance of 1.

3rd Rhodes' Calonlan Lavender Blue

### Junior (7, 5a)

1st Rhodes' Calonlan Pretty in Pink : Blenheim girl, 12 months old. Very pretty head with the desired lozenge. Large, dark eyes. Coat in fabulous condition, with well broken markings. Well angulated and moved out well. Good size and balance. Unfortunately missed her next class so was unable to compete in the challenge.

2nd De Walton's Underknoll Flamenco: 11 month old tri colour bitch. Nice head, well broken markings. Good topline. Moved well. Correct scissor bite. I hope that most of her growing is now behind her.

### Novice (5, 3a)

1st Long's Arroline Utopia: 16 month old Blenheim bitch. Nice head with good markings. Excellent pigment. Well set ears. Good tailset and carriage. Good spring of rib and short coupled. Her fabulous angulation showed in her correct movement. So well balanced. Such a fun temperament, and at one with her handler. I was pleased to award her BOB and delighted that she was later awarded Toy Group 3.
