Post Graduate (2,1)Owens Russiatree Gypsy Rose Lee. 3yr old red sable, large dark eye leading to perfect apple dome head and ear set. Level topline could show a little more confidence. Excellent front and shoulder. Could be a little slimmer to give a better outline. BOB

Owens Russiatree Sparkle On. Very confident 3yr old always admired this girl from the ringside. She exhibits the perfect apple dome head and large ears & eyes. Bite correct. Perfect front went round the ring like a bomb. Beautiful front movement and level topline and perfect highset tail. Unfortunately carrying too much weight which spoilt her outline. RBOB

## CHIHUAHUA LONG COAT

Puppy (3,0)

Cater Pixels Moonlight Express this 11 month old girl showed herself really well. With confidence and style. Was a real pleasure to watch go round. Lovely movement and drive.

Head I felt was a bit weak for me would of like to have seen a more definite stop. But she has lovely round dark eyes and correct earset and very well laid back shoulders leading to a good topline and hightail set.

2 Culverhouse Lykath's Peep Bo 6 months cream & white bitch Very pretty little girl showed very well on the move but unfortunately dropped her tail when stood. But this will improve with confidence im sure. Beautiful correct head and arched neck, lovely topline and high sickle tail. Im sure she will do well in the future,
