

Marlborough & District Canine Society

West Wilts Equestrian Centre

2nd May 2016

Firstly many thanks to all exhibitors for such a good entry at this warm, well run and welcoming show. Secondly thanks to the well experienced steward David Browning.

All dogs were in a well presented clean condition displaying excellent temperaments.

Junior Dog or Bitch

2 Entries - 1 Present.

1st Kalokairie's Attitude Aloud. - BEST PUPPY

Striking black white eleven month bitch who did not seem phased by her day out and did everything that was asked of her. Would like to see her in a years time as with maturity she has much promise based upon what I saw today. A bitch of correct size with good outline that gave 100%. She has striking bold decoration on the whitest coat. Good feminine head with correct pigmentation carrying a well broken ear. Correct lay of shoulder with good chest, well sprung rib good strong quarters for one so young and nice to see a correct set of tail – which never stopped wagging.

She is well angulated with good feet. Her movement was a little erratic but this is purely down to her age and something I would totally expect from a young puppy.

Be careful not to over exercise her as today her weight and muscle were perfect.

Post Graduate Dog or Bitch

5 Entries – 3 Present.

1st Shulune Fantasy Red Dragon

What a striking liver white dog this is. This boy took my eye on entry to the class. A strong well constructed dog of correct size and coupling. He has the most wonderful colour liver on a beautifully contrasting white coat. This two year old oozes quality with a strong well boned frame. He has a softness of expression in a strong head with correct pigmentation, good eye colour and well held nicely broken ear.

Masculine neck with a well laid shoulder and nicely proportioned depth of brisket leading to good length of loin and powerful hind quarters that are well angulated. He has correct length of leg leading to good tight feet.

On the move gave the impression of covering the ground with ease. Has a good rear driving action with a true fore action. On final presentation stood out but could make a little more of his presence – this would be the icing on the cake.

Please to award him the Best of Breed – Very nice dog.

2nd Rainbeau of Hope

3rd Jabbawock The Time Turner

Open Dog or Bitch

6 Entries – 3 Present.

1st Kalokairie's Lord Ladies Man at Dallywest.

Another really striking liver dog that pushed so hard for B.o.B. Two very different dogs but both of high quality.

Forest has a really good head and expression that is of correct size. With classic liver decoration evenly dispersed across his body. He has good pigmentation and nice eye with well held ear that frames his face. A dog with good neck leading to strong wither, well sprung rib and good lay of shoulder. He is of good length with a level top line and correct tail set that is carried well on the move. A dog with well angulated quarters that drove well on the move. The handler getting the very best out of this dog. Please to award him Reserve Best of Breed.

2nd Gwynmor High Five to Hunacres. JW

3rd Philcarthom Xcaliber at Finnidal.
