

Marlborough & District Canine Society. Monday 1st May 2017

I would like to thank the committee for inviting me to judge Siberians; it was a very well run show, lovely people and great venue. I had a superb quality entry and feel very lucky to have gone over so many nice dogs. It is great to see so many young dogs coming through that all show lots of potential of going far. I was particularly impressed with the hard muscle most of the dogs carried.

Puppy: 3 Entries

Absolutely loved this class. All 3 puppies could have swapped places on another day. All showing great potential. Great to see happy confident puppies enjoying their day at the show.

1st/BP/PG3: Penkhala's Itaska: Just 6 months old and at his first show today, grey and white male. Loved this boy, really taking everything in his stride. Good bone, well angulated front and rear. Beautiful head, correct eyes obliquely set with superb ear set. Very light on his feet, strong coming and going for such a youngster. In beautiful coat, level topline, and good croup and correct tailset. 2nd: Sibersong's Dark Sovereign For Salazka (IMP USA): 11 month old black male. Another super male showing great quality. Lovely head and sweet expression, Correct eyes and ear placement. Well arched neck leading into a strong topline. Good croup and tail set. Played his handler up a bit today but he was clearly enjoying himself, good strong movement. Sadly out of coat today. 3rd: Penkhala's Kaska
