Puppy (4) (3)	1st	Baldock's – Gunnersnewfs All or Nothing At 11 months old this super puppy has lovely static balance, she has a lovely feminine head developing, correct bite & clean dark eyes. Good length of upper arm, close fitting elbows and plenty of heart room. Good length of ribbing. Short coupled with good rear angulation. Moved well once settled, in a super well-presented puppy coat & sympathetically handled to get the best from her on the day. BPIB & WPG3
Graduate (1)(0)	1st	Webbs's - New Angels Pretty in Pink At just 18 month old this lovely teenager was a delight to go over. She has great size with bone to match. Strong head leading into excellent reach of neck. Lovely straight parallel front & tight elbows. Good depth of chest, with an extending rib, correct croup and good tail set. Well balanced front & rear angulations, I loved her in profile & so light on her feet, she strode out purposefully & with excellent reach & drive. Very well presented and handled beautifully. RBOB
