FLAT COATS

Junior (1, 0abs)

1st Gale's Willowswind Nette Lark.

Attractive, happy bitch of good quality. One I liked very much, just needs more coat and furnishings to complete the picture. Balanced outline, good bone, kind and appealing eyes, intelligent expression, good length of neck into well placed shoulders. Deep through the brisket, ideal width of chest, well ribbed up with correct spring to ribcage, short loin. Movement a joy to watch both in profile and coming and going, well handled, attentive to handler. RBOB.

Fine example of the breed. Good quality coat, good presentation, well handled. Balanced outline, stood foursquare with happily wagging tail. Appealing head and expression, good sized nose, long muzzle, small ears which he used well. Really good shoulder placement, straight front, good bone, round feet with well arched toes. Ideal body properties, well developed ribcage, tail well set on. Straight coming and going, active movement but needs a big ring to show off his excellent paces. BOB, G2.

1st Bambrook's Marshwiggle Shakespeare at Ravoakar.BP, RBOB, PG3.

11 month old yellow male giving his most able handler a hard time but could not be denied 1st place today. This promising puppy has that 'something special' quality which as a show dog makes him stand out from the rest. Head well set on, broad skull, defined stop, clean neck well set into long and sloping shoulders blending into solid topline. Impressive well sprung ribs for one so young, short strong loin, level to tail. Well muscled quarters, good turn of stifle, hind pasterns short and low to ground. Once settled displayed excellent movement with impressive reach in front and powerful drive from behind, straight coming and going, carrying just the right amount of weight.
